

Vehicle Kit

Be prepared for accidents on the road - this kit was developed as an additional module that is easily fitted into vehicles. The contents of the kit provide access to the first aid equipment that is often needed in vehicle accidents. Quick access to first aid is vital in reducing the risk of long term injury.

TARGETS
Suitable for company car fleets, personal vehicles, trucks, caravans and buses.

LATEX FREE
All components of the kit are latex free, perfect for those with an allergy.

CONVENIENT
The kit is contained in a soft and compact case that is easy to fit in an accessible location.

HEAVY DUTY
Versatile and reinforced fabric bag protects the contents from damage and dust.

MULTIPLE USERS
Equipped with enough contents to treat multiple people who have injuries.

ORGANISED
Made with internal pockets so that it is fast and easy to find the needed products.

COMPLIANT
Made in accordance with the National Work Health & Safety Regulation 2011.

INFORMATIVE
Every kit includes a First Aid Guide that helps the user administer First Aid.
